EduCare

The Perfect OSHC Companion App

A place where parents can stay connected, informed, and confident that their child is safe and engaged.

Made for guardians

EduCare parent app provides families with the visibility, information, and connection they need to feel confident their child is safe, engaged, and thriving throughout their OSHC experience.

EduCare gives parents peace of mind through real-time access to the information, updates, and moments that matter most in their child's OSHC journey

Check out the Features

Weekly Learning Program

Stay connected to your child's OSHC experience by viewing the weekly learning program and upcoming activities. See what's planned each day and discover the opportunities your child will have to learn, create, play, and explore.

Manage who can collect your child with confidence. Easily add or remove authorised pick-up contacts, ensuring our educators always have the most up-to-date information to keep your child safe.

Approved Pick-Ups

Posts & Updates

Share in your child's OSHC journey through learning stories, photos, and updates from our educators. Celebrate their achievements, interests, and experiences as they engage in meaningful activities and build friendships.

Access important health information in one place, including risk assessments and communication plans. This ensures families and educators work together to support each child's health, safety, and wellbeing.

Medical Plans

Medication Logs

Stay informed about your child's medication requirements and administration records. View medication logs to see when medication has been given and maintain confidence that your child's health needs are being carefully managed.

Never miss an important update. Receive service announcements, reminders, event information, and key communications to help you stay informed and connected with your OSHC community.
